

Indoor Beachvolleyball Training 2021/2022

The Indoor Beach Volleyball training will start again in September on our indoor beach courts with heated sand. Training takes place Monday to Thursday evening and Saturday morning. The training sessions last 1.5 hours and are provided by our Beach Club Aalsmeer trainers. There are training courses at different levels. So whether you are just a starter or are already a pro, there is always a suitable training for you.

On which days can you train?

Are you unsure about your level? Prefer to start 1 level lower so that you can continue to grow. It is ultimately up to the trainer to determine at what level a player can play. With your registration you indicate at which level you want to play. If we find out during training that the level is too high or perhaps too low, we will consult with you to ensure that you get the most out of the training and that you are in the right group.

Cost

Indoor Course = €200,-
Single session = €15,- (to be used once)

Club Evening & Free Ball

All training members may use our special free play offer.
On a weekday you can call for a "free court" after 4 p.m. If there are any, you and other members can use this field for free.
If you do not want to train with us, but do want to come and play on the club night on Friday, for example. Then you can now also become a "free playing" member only.

Free Playing Member = €75,-
Single 'Free Ball' session = €10,- (to be used once)
